

MT. STERLING ADVOCATE.

A WEEKLY JOURNAL, IDENTICAL IN INTEREST WITH ITS OWN PEOPLE.

VOL. IX.

MT. STERLING, KENTUCKY, TUESDAY, NOVEMBER 8, 1898.

NO. 17

SENATOR HOAR

Is Opposed to the Acquisition of Territory.

Massachusetts Statesman Against His Party's Policy.

At a campaign meeting at Worcester, Mass., last week in a speech the venerable Senator said:

"This year has been crowded with history and crowded with glory. It is also to my mind crowded with danger. The flag of Spain, formerly the proudest power on the globe since the day of the Roman Empire, has gone down in darkness and in blood before the victorious navy and army of the United States. The flag of the United States has arisen in the Eastern sky like a new constellation. Let us not accept the duties and responsibilities we get them by compact made with their lawful Government.

"Some of our good friends have said,

"Thoughtlessly, in their zeal, that when the American flag goes it must stay."

But surely they cannot wish to commit the country to that doctrine. We planted it on the City of Mexico. But no man destined that it should stay.

If it was good, we shall plant it on the coast of Spain, but we have no desire to hold permanent dominion there.

If the Philippine Islands become ours, then, under the idea, of the Supreme Court, every child hereafter born in them becomes an American citizen—free to come, free to go, to any part of the world.

"The Emperor has given me the palace of a deceased Princess as a temporary abode. It is a fine pile of buildings and is being fitted at great expense. As soon as it is ready we shall move in and open our classes probably about November 1.

"The most attractive feature about the university is the fact that it leads the way to an intellectual revolution. The creation of a system of graded schools in all the provinces, and best known visiting to every American home? Are you going to increase my old national debt?"

"These things are involved in this wild and impasseed cry for empire. For myself, I disbelieve and hate the notion that the American people are to submit to such a transformation."

territory save by a treaty approved by the Senate by a two-thirds vote or by an act of legislation in which the President, the House of Representatives and the Senate must unite. It is said the Philippine Islands are already ours by the right of conquest. For one, I deny this alleged right of conquest. Human beings—men, women, children, people—are not to be won as spoils of war or prizes in battle. It may be that such a doctrine finds a place in the ancient and barbarous laws of war, but it has no place under the American Constitution. It has no place in the code of morals of the people of the United States. I have stated elsewhere the conditions, which in my judgment, warrant the acquisition of Hawaii. Hawaii came to us with the consent of her own Government, the only Government capable of maintaining itself there for any considerable length of time. In the case of the Philippines we are asked to subject a nation, and to hold it in subjection. We get them by conquest and hold them by force. In the case of the Hawaiian Islands we get them by compact made with their lawful Government.

"Some of our good friends have said,

"Thoughtlessly, in their zeal, that when the American flag goes it must stay."

But surely they cannot wish to commit the country to that doctrine. We planted it on the City of Mexico. But no man destined that it should stay.

If it was good, we shall plant it on the coast of Spain, but we have no desire to hold permanent dominion there.

If the Philippine Islands become ours, then, under the idea, of the Supreme Court, every child hereafter born in them becomes an American citizen—free to come, free to go, to any part of the world.

"The Emperor has given me the palace of a deceased Princess as a temporary abode. It is a fine pile of buildings and is being fitted at great expense. As soon as it is ready we shall move in and open our classes probably about November 1.

"The most attractive feature about the university is the fact that it leads the way to an intellectual revolution. The creation of a system of graded schools in all the provinces, and best known visiting to every American home? Are you going to increase my old national debt?"

"These things are involved in this wild and impasseed cry for empire. For myself, I disbelieve and hate the notion that the American people are to submit to such a transformation."

G. T. Evans's sale on Saturday, November 12. See advertisement.

Love and Women.

One must love several times before learning how to win love.

It is absurd to be deliberate about love—love is spontaneous.

A beautiful woman would be a success if she had not an idea in her head.

Love is the most selfish of sentiments; its demands are so very exacting.

The greatness of many a man is merely the possession of a clever wife.

A woman is often obedient to the man she hates, and obdurate to the man she loves.

Love a woman with an intellect if you want to be wretched; marry one if you want to be successful.

Roll of Honor.

The following is the roll of honor for third month of school in district No. 4:

Boil Hadden,

Jimmie Adamson,

Elie Parrish,

Harry Wright,

John Bryant,

Mary E. Wyatt,

Junie Barber,

Clay Thomas,

Mollie Allen,

Lindsay Douglass,

Emerson Conlee,

Netta Berkley,

Nannie Berkley,

Charlie Berkley,

Maud Daud.

ANNA BARBER, Teacher.

Mail is delivered in the Philippines about a month after it is posted in the United States. The time depends on connection, especially at Hong Kong, but mail is never delayed at that port more than three days.

ROYAL Baking Powder

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

HONORS IN THE FAR EAST.

A Kentuckian Made President of a University by an Emperor.

Dr. W. A. P. Martin, writing to his brother, Dr. C. H. Martin, of the YMCA, from Pekin, China, under date of September 8, says:

"Last year, as you may remember, I declined the presidency of a new university at Shanghai, because I did not wish to leave Pekin or go to a hot climate. As it is a accommodation in both policy, the Emperor has ordered a Grand Central University to be established in Pekin and made me President of it, conferring at the same time the title of Baron and decoration of the second of the nine grades, a position which I shall enjoy more showing appreciation of my services than a show."

"The Emperor has given me the palace of a deceased Princess as a temporary abode. It is a fine pile of buildings and is being fitted at great expense. As soon as it is ready we shall move in and open our classes probably about November 1.

"The most attractive feature about the university is the fact that it leads the way to an intellectual revolution. The creation of a system of graded schools in all the provinces, and best known visiting to every American home? Are you going to increase my old national debt?"

"These things are involved in this wild and impasseed cry for empire. For myself, I disbelieve and hate the notion that the American people are to submit to such a transformation."

Clark County News.

[The Democrat.]

Morgan McKinley has rented a home in the Wales Mill neighborhood and is living with a wife or persons to.

The streetcar track has been leased to a new company composed of local capitalist, for a number of years, with an option to purchase same during the term. The track is being remodeled, new cars have been ordered and the cars will be running in ten days or less. Sam Hastings has charge of this branch of the work. They will be run by horse power for a while, but in the dim vista of the future, look up visions of an electric light plant, electric cars, let fact prove.

Dr. S. W. Willis sold to Prentiss Van and 45 acres of land adjoining the farm of the latter at \$7200 per acre.

What is known as the Tracy school, home in the Mt. Sterling pike, near the Montgomery county line, was destroyed by fire at an early hour Monday night. All the furniture and the books of the children were burned. A vacant house was rented by the trustees, and Miss Katie Tribbick, who had charge of the school, began teaching yesterday. The fire originated in the roof, probably from a defective pipe. There was no insurance on the building.

Miss Clementine Frazee, of Dayton, Ohio, and Watson Andrews, of Louisville, were here this week, and will, in all probability, begin the publication of a Republican paper in this city January 1st. They are the representatives of a syndicate, and will establish a Republican paper either at Beattyville or Jackson, and also one at Paintsville, Johnson county. They are experienced newspaper men and this Eastern Kentucky is a promising field.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of carbuncle that cannot be cured by the use of Hall's Carbuncle Cure.

F. J. CHENEY.

Swear to before me and subscribed in my presence this 6th day of December, A. D. 1896.

A. W. GLEASON, Notary Public.

Hall's Carbuncle Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75c.

Hall's Family Pills are the best.

Never Thanked Him.

Mr. Moody told the following story at his last mission:

"Some years ago I heard of a poor mother who had an only child who was illiterate, and on the day when it was fourteen years of age a neighbor came in and found the mother weeping in the bitterness of her soul. She wanted to know what was the matter.

The mother said: 'For fourteen years I have cared for that child day and night. I have given up society and spent my time with that child and to day it does not know me from you. If that child would recognize me once, it would pay for all I have done for it.'

How many are there the son of God who has watched over and cared for and blessed? And you have never once recognized Him, you have never looked up into His face and said, 'Thank you, Lord Jesus.'

First New Tobacco Brings \$7.60.

The first hogshead of new crop tobacco was sold on the break at Hopkinsville at \$7.60 per hundred. The tobacco was grown in Graves county. It was graded as medium leaf.

AT ONCE

Hanna Will Organize For the Next National Campaign.

And Expects to Clinch the Nomination For McKinley.

Senator Hanna, Chairman of the National Republican Committee, has decided to open the Presidential campaign very shortly after to-day's election. He has had the matter under advisement for some weeks, and after consultation with party leaders, has ordered the desks cleared for action. The Senator is in close touch with all the principal political centers of the country. Whether the party will with defeat or success, the National Committee has decided to get down to the practical work of re-electing President McKinley.

The decision to open the Presidential battle so soon has received jubilant heroism throughout the land. Hanna, not rather by reason of the attractiveness of a close political friend, The Senator, when asked about it, made no doubt that campaign preparations on an extensive scale were about to be inaugurated.

Colonel Chev. Dick of Akron, Secretary of the National Committee, has been very busy with the Congressional campaign in the Nineteenth Ohio District for the last few weeks, but he has found time to go to Cleveland frequently, and has had a number of conferences with Mr. Hanna about turning the work over.

Mr. Hanna and the committee are in perfect accord on one subject, and that is that early and continuous effort alone brings success in politics.

The headquarters at Washington will be opened and the preliminaries arranged at once.

Very early in 1898 it is expected that the committee work will have well started. It is the intention to push it along vigorously throughout the year and for the succeeding year, until the Republican National Convention is held. Then a new committee will be chosen, but it is not expected that there will be any change in the offices of Chairman and Secretary. Senator Hanna and Colonel Dick expect to be at the head of the committee which will get to work on the convention.

The political history of the country does not reveal an instance of a National Committee preparing for a Presidential campaign so early a date. The action of the committee will, in fact, be more elaborate, but Senator Hanna holds that it will be rich in results. By the time the campaign actually opens in 1898 it is thought that the committee will have things well organized that the Republican candidate will be invincible—Estuaries.

Help the Cause.

There has never been a political campaign that equalled in importance that of the one to be fought this fall. The Republican party, backed by the money power of this country and Europe, is alert and aggressive. Fueled with the victory of two years ago, it will seek by every means in its power to maintain its supremacy.

Dem. rats not be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound Democratic newspapers. The publisher of the Chicago Dispatch, the great national Democratic weekly, will send to every new subscriber for three months a copy of the Chicago Dispatch. If you are not already taking the great political weekly, send in ten cents at once and receive the great paper during the coming campaign. You should not only do this yourself, but you should induce all your friends to join with you. By a little effort you can easily raise a ten or twenty subscribers. A

To Clothe Boys Properly *

At a minimum cost is a problem which has made many a man scratch his head and many a woman wrinkle her brow in thought.

We too have bent much effort to its solution, and have succeeded. It will be surprising to you to see what marvelous qualities and stunning styles in Boys' Cloths we are showing at little cost. All-wool Fancy Cheviot, prettily braided Reefs and Vestee Suits for little boys of the ages 3 to 8, at \$1.50. Plain Suits of same quality fabrics in different patterns, the coats made simply double-breasted, sizes 8 to 15, \$2.50. Fine Black Worsted Diagonal or Blue Tricot Suits, all sizes, 3 to 16, \$5.00. Boys' Top Coats made in the swellest manner, same styles as the Men's Coats, in Covert Cloth, Beavers, and Diagonal Cheviots, Light Tans, Blue Black and Brown from \$2.75 to \$7.50.

These are scarcely representatives of the entire stock, but it will repay you for the time spent to carefully look through our Boys' and Children's Department, to see the handsome Reefs, Waists and Trousers that we handle. Note the money-saving prices which they are marked.

No hob-nobbing or jollying here; the one rule of our store, "sincerity with the people who have made it a success."

Your money back if you want it for anything purchased here.

Walsh Bros., - Mt. Sterling, Kentucky.

The Kentucky River to be Bridged at Jackson.

We clip the following from the *Houstonian*.

"The long looked-for and wished for bridge has at last arrived, having come up Saturday night, and was opened Sunday by many of our enthusiastic people who look forward with preceipe eagerness to the day and hour when this magnificent structure shall span the majestic and scenic river that has been endowed with the name of our proud commonwealth."

The contractors say that it will be completed and doing service in three or four weeks.

Of Judge J. Wise Hagine, for his inquiring efforts and successful accomplishments, too much cannot be said, for had we not such a county judge as he, with his energy and progressiveness, we would have been doomed for years to plod through mud and snow to and fro from city to station."

The Judge is worthy of this compliment.

Suffering at Havana.

Despite the censored cable accounts, there is said to be great suffering among the poor of Havana. Business is at a standstill over the delay of the other, their law being mainly that of a good Winchester rifle aimed with a steady hand and clear eyes. Their land as a rule is rocky and bad—as moonshining or plainly the making of corn whiskey is done in the mountains—or knobs. "Knobs" being the foothills of the mountains and about all they can raise is corn. It is a God given right handed down from generation to generation among them this right to manufacture this moonshine whiskey, so called because of fear of "Gov'ments," their arch enemies, they work in some hidden nook by the light of the moon. When one comes to think of it is a wonder that some of our playrights have not taken advantage of this class of people, the beautiful mountain scenery and this religion to make a play of before. In "Knobs O'Tennessee," the new and beautiful play by the American authors, Lincoln J. Carter and Hal Reid, have used this theme, and made an eleven curtain call hit of the remnant of the Spanish army. She went down November 12th.

A Spanish Warship Goes Down. The Maria Teresa, a great Spanish warship, which was sunk in the battle near Santiago harbor, and which had recently been raised by Hobson and was being taken to New York, encountered a storm off the Bahama Islands. The storm was too great for ship, disabled by American guns, it through her rent hull water entered. She went down in water only three miles deep. The entire crew was saved and landed at a then port by the transport Mort. Thus forever disappears this portion of the remnant of the Spanish army. She went down November 12th.

Refused a Pardon.

Gov. Bradley on Thursday afternoon refused to extend Executive clemency in the case of Tully D. Arndt, of Henry county, convicted of disturbing religious worship. In passing on the petition, the Governor wrote as follows: "The fact that the defendant is one of those unfortunate persons who cannot resist the temptation to get drunk, and that whilst in a drunken condition he disturbed an assembly of persons engaged in religious worship, furnishes the very best reason why he should not be pardoned."

The Governor also passed on the case of Sherman Lee Hobrook, of Elliott county, convicted of carrying concealed deadly weapons, refusing to extend clemency.

Bride's Hints.

I have just received a shipment of latest style hats. Bride's hats a specialty. All ladies are invited to call.

Mrs. K. O. Clarke.

In some parts of the country, notably Tennessee and Kentucky, is a class of people commonly known as moonshiners. They are a peculiar people—near to nature's heart son of people—extremely faithful one of the other, their law being mainly that of a good Winchester rifle aimed with a steady hand and clear eyes. Their land as a rule is rocky and bad—as moonshining or plainly the making of corn whiskey is done in the mountains—or knobs. "Knobs" being the foothills of the mountains and about all they can raise is corn. It is a God given right handed down from generation to generation among them this right to manufacture this moonshine whiskey, so called because of fear of "Gov'ments," their arch enemies, they work in some hidden nook by the light of the moon. When one comes to think of it is a wonder that some of our playrights have not taken advantage of this class of people, the beautiful mountain scenery and this religion to make a play of before. In "Knobs O'Tennessee," the new and beautiful play by the American authors, Lincoln J. Carter and Hal Reid, have used this theme, and made an eleven curtain call hit of the remnant of the Spanish army. She went down November 12th.

For Sale.

One of the best located and best built two-story dwellings in the city, with good cellar, large cistern, and lot with frontage of 86 feet nice shade trees. Also a nice new cottage on Richmond street for sale cheap. 17-ft. STAR PLANNING MILL Co.

Cheap Ice.

A fight between rival ice companies is now on in Louisville. A cake weighing 300 pounds is sold for 30 cents.

"Tom Ruse's Marriage" a very interesting story, written by William Lightfoot Visscher appeared in Sunday's Courier-Journal.

HORSE AND TRACK.

The Monk 2:08½ will not be raced again until 1900.

Lady of the Manor 2:07½ has won \$12,000 this year.

Gracie Oward was barefooted when she won the American Stock Farm purse of \$2,000.

Star Pointer 1:59½ will be sold at auction and so is Kiatwash 2:05. It will be a distinction to own the first and profitable to own the latter. *Terro Haute Gazette*.

Robert Bonner paid \$40,000 for Pocahontas, \$35,000 for Dexter, \$36,000 for Barus, \$40,000 for Maud S., and \$41,000.

Split Skin 2:09½ won \$10,375 in the campaign just closed. She started the year without a mark, winning eight races out of fourteen starts.

Gratton Boy 2:08, trotting and Palmyra Boy 2:07½, pacing, are two of the five colts sired by Gratton 2:13, the season of 1892. The performances—and both records were made in races—make Gratton the only eleven-year-old stallion with two in 2:08 trot.

W. E. Speirs, proprietor of the suburban Farm at Glens Falls, N. Y., track, who was a heavy purchaser at Lexington, has bought from J. E. Green, of Dublin, Cal., the black stallion Directum 2:05. The price is reported as \$20,000. Mr. Speir owns Abdell, the champion yearling Amy 2:16½, and Jefferson Wilkes 2:14½.

M. E. McHenry and Thomas Keating are said to have pooled their interests for the campaign of 1899. Keating has gained an enviable reputation as a trainer and conditioner among Eastern horses this year through his remarkable success with Dione 2:09½ and the pacers Searchlight, Asunciona 2:04½ and Kiatwash 2:05½, but his health has not permitted him to drive the great quartette in a great many of their races. McHenry, on the other hand, ranks as the equal of any race driver ever seen in a sulky, and his work with Keating's horses has been as brilliant.

Just received big line of W. B. corsets, best in the world.

T. P. MARTIN & CO.

Man Shot at Chambers Station.

On Friday afternoon Green Spencer and Green Ingram became involved in a dispute at the store at Chambers station. Each shot at the other five times. Spencer was shot once, his collarbone being broken. He is not dangerous or wounded.

In 1890 John Gray procured license at Frankfort to marry Katie Larter. For some reason the marriage did not take place. Last week they married on the license issued in 1890, the County Attorney deciding that the license was still good.

Asst. Gen. Pass. Agent, Louisville. C. A. BAIRD, Traveling Pass. Agent, Louisville. J. C. BEAM, Northwestern Pass. Agent, Chicago.

Leave orders with Mr. F. W. H. Peckham for Honkers fine cut flowers.

Public Sale I

AND RENTING.

On account of poor health I will on

SATURDAY, NOVEMBER 13, 1898,

At 10 o'clock a.m. great my farm of 240 acres to the highest bidder, from December 1, 1898, to March 1, 1900. Same will be rented on the premises, 4 miles from Mt. Sterling, to the balance of the Winchester pike to be cultivated as follows: Ten acres for tobacco, 25 for corn, 21 acres for wheat, balance in grass. Farm has good dwelling, good barns, newly fenced, and all land in first-class condition. Renter will be required to execute a good note.

Will also at same time and place sell at public sale the following property:

73 sheep, 5 heifers, 2 cows, 25 yearling cattle,

1 thoroughbred Pollard bull,

Constipation

Causes fully half the sickness in the world. It retains the digested food too long in the bowels and produces biliousness, torpid liver, indigestion, bad taste, coated tongue, sick headache, indigestion, heartburn, cure constipation and all its results, easily and thoroughly. \$25. All druggists. Prepared by C. L. Hood & Co., Lowell, Mass. The only pills to take with Hood's Saraparilla.

Gathered Gems.

O that men should put an enemy in their mouths to steal away their brains! that we should, with joy, pleasure, ruse, and applause, Transform ourselves into beasts!

—Othello.

Touch the goblet no more!

It will make thy heart sore.

To its very core...

—Long fellow.

Temperance is a bribe of gold; He who uses it rightly is more like a God than like a man.

—Burton.

DR. CALDWELL'S
SYRUP PEPSIN
CURES CONSTIPATION.

Never meet trouble half way; let it do all the walking.

The best manner of avenging ourselves is by not resembling him who has injured us.—Jane Porter.

If we are going to buy our new possessions it would be better not to have wasted so much gunpowder and petition.—Paduch News.

The Japanese government has made a proposition to a Chicago corporation to form a syndicate with ten million dollars capital to build and operate all electric street cars, lighting and power plants in Japan. The franchises offered is to be exclusive.

The Hon. John Wanamaker was arrested at Rochester, N. Y., on last Wednesday on a charge of slander preferred by Thomas M. Robinson, former State Printer of Pennsylvania. Mr. Wanamaker, in a recent political speech, criticized Robinson's management of the office.

The negro soldiers of the Sixth Virginian regiment at Camp Poland refused to obey orders from their white masters. They were given a plain talk, which was efficiently backed up by a regiment armed for battle, and under the pressure agreed to make their complaints through proper channels, and, in the meantime, to obey orders.

No Gripping or Pains.

Arrowsmith, Ill., Jan. 27, '97.
Dear Sirs: I have been bothered for 15 years with constipation and have tried many preparations during that time. I commenced using Dr. Caldwell's Syrup Peppit in the fall of 1895 and unhesitatingly say it is the best remedy I have found for my trouble. No gripping or pains after taking. Yours, etc., W. H. Hure.

For sale by W. S. Lloyd. t
The Almighty Dollar.

This is the age of money. The ideal is the almighty dollar. Get wealth, no matter how, only so you get it, is the cry. It is power and it conceals a multitude of faults. Children are absorbing the evil estimate of greatness, and are preferring it to education, and even character. The rich are being stunted by it, and the poor are being made mad by it. The world needs to see that life is more than wealth.—Rev. Les S. McCallister.

Election Officers.

First Ward—R. J. Hunt, judge; T. F. Rogers, judge; Jas. H. Wood, sheriff; H. M. Woodford, clerk.

Second Ward—M. B. McKinney, judge; J. M. Mathews, judge; W. H. McDonough, sheriff; O. E. Lyons, clerk.

Third Ward—W. H. Fletcher, judge; G. L. Kirkpatrick, judge; C. B. Fife, sheriff; R. A. Chiles, clerk.

Fourth Ward—W. T. Fitzpatrick, judge; Thos. McCarty, judge; John Davis, sheriff; M. E. Heaton, clerk.

Araro's Run—Earnest Heaton, sheriff; Jas. Williams, judge; J. T. Higginbotham, judge; F. M. Willoughby, clerk.

Sidewalk—Geo. Denton, judge; J. R. Peed, judge; J. S. Jones, sheriff; Wm. McLean, clerk.

Grassy Lick—Jas. F. Mason, judge; Dr. A. B. Stoops, judge; G. W. Palmer, sheriff; D. G. Howell, clerk.

Beaver—Will Scoobe, judge; T. W. Parsons, judge; John Fogg, sheriff; H. J. Daniel, clerk.

Locust—Ruth Hadden, judge; Raymond Knox, judge; H. C. Wilson, sheriff; E. M. May, clerk.

Camargo—L. N. Horton, judge; Campbell Gibson, judge; H. C. Parish, sheriff; Dr. J. T. Bickett, clerk; Jeffersonville—Andy James, judge; Jas. Maupin, judge; Ephram May, sheriff; E. B. Wilburn, clerk.

Howard's Mill—J. L. Shrou, judge; F. M. Brown, judge; H. C. Wilson, sheriff; M. H. Lewis, clerk.

Hart—J. Northcutt, judge; T. J. Clegg, judge; H. B. Crook, sheriff; Lowell Burns, clerk.

Smithville—Tom Thomas, judge; Henry Wilson, judge; W. J. Puchner, sheriff; A. K. Wilson, clerk.

Spencer—T. W. Richardson, judge; F. M. Murphy, judge; G. A. McCormick, sheriff; W. P. Clark, clerk.

A good man is a man who knows how he is.

Catarrh Can Be Cured

By exfoliating from the blood the serotinous talents which cause it.

Hood's Saraparilla cures catarrh promptly and permanently, because it strikes at the root of the trouble.

The rich, pure blood which it makes circulating through the delicate passages of the mucous membrane soothes and rebuilds the tissues, giving them a tendency to health instead of disease, and ultimately curing the affection.

At the same time Hood's Saraparilla strengthens, invigorates and energizes the whole system and makes the debilitated victim of catarrh feel that new life has been imparted.

Do not waste snuff, inhalants or other local applications, but take Hood's Saraparilla and cure catarrh absolutely and surely by removing the causes which produce it.

Womanhood.

Let women have every advantage of the higher education and culture, but let all those advantages be employed to make her more womanly.

Anything that is calculated to diminish the power of the delicate female system which refines and purifies is not an advantage; it is a positive detriment, not alone to women but to the race.

The womanly element has been a saving balm to mankind.—David Phillips.

Bribery.

We need honest convictions and the stamina to live up to those convictions. Bribery scandals and such political corruption will always be coming up until there is a sentiment created against the briber. There will always be weaklings to sell as long as there are buyers ready to pay the price.

It is hard for bad motives to drive good bargains.

THE FIRST PHOTOGRAPHS.

Professor Draper's Sister Sat Thirty Minutes on a Rock—Eliza Wade has an illustrated paper on "Photography—Its Marvels" in St. Nicholas. The author says:

The first accounts of this great discovery are very entertaining reading. Professor Morse, the inventor of the telegraph, was in Paris when the news was published, and at once wrote to Mr. Daguerre's wonderful pictures. In describing them afterward he said that moving objects made no impression on the plate, for a picture taken of a camel, for instance, showed it to be entirely deserted, with the exception of a man having his shoes polished. The man's feet, he said, were well defined, because they were kept stationary, but he was without head or body, for these were not taken.

The American belongs to the first class in photography was formed in Boston in the spring of 1840 by Daguerre's agent, Gouraud of Paris. The Rev. Edward Everett Hale, then a student at Harvard, became an enthusiastic amateur, and in 1842, in a diary, Dr. Draper. He powdered her face, that the lines might be more quickly impressed on the sensitive plate, and for 30 minutes Miss Draper sat—on, at least, the first sit—as immovable as a statue.

SCHOOL Books.

Remember my store is headquarters for them. I have the books for all schools in the county. Also all SCHOOL SUPPLIES. Lowest prices. Give me a call.

Respectfully,

Thos. Kennedy,

Main Street.

MT. STERLING, - KY.

DEATHS.

SOUSLEY.

Mrs. Nannie Elizabeth Sousley, wife of J. D. Sousley, of Clark, died at her home near Mooreville Tuesday afternoon, aged about fifty years. A few years ago the house in which she lived was burned and her nervous system received a shock from which she never recovered.

M'ELDONWY.

On Monday morning, Nov. 7, 1898, at his home in Lewis county, Mr. Samuel McElwney, in his 73 year, died after being seriously afflicted with paralysis for several months. He is the father of M. T. McElwney, of Winchester, son-in-law of Judge M. M. Cassidy, of this city.

STONER.

On last Sunday morning, at the home of her husband, near Sharpsburg, Mrs. Peter G. Stoner. We have learned no particulars. Mrs. Stoner was far advanced in life, a lovely character, loved by all who knew her. We deeply sympathize with Mr. Stoner in this his great sorrow.

KENDALL.

Died, on Monday at his home in Lexington, of typhoid fever, E. B. Kendall, aged 41 years. He was brother-in-law of Mrs. B. F. Thompson and Mrs. Silas Stofer, of this city. Burial in Flemingsburg to-morrow.

GOFF.

On last Sunday at her home in Georgetown, Miss Rebecca, daughter of J. W. Goff, passed from earth to her heavenly mansion. She died from an attack of typhoid fever, in her nineteenth year. Miss Goff had visited her cousin Mrs. J. C. Thompson and Miss Margaret Stephen of this city and the friends she made were many. A sweet Christian girl she was, who lived not so much with those of the earth, but with Him in yonder celestial city. Miss Goff was a native of Shelby county and had been a resident of Georgetown for only two years, but during this short period everybody who met her learned to love her.

A scene so beautiful in the wavering moonlight, accompanied by the sounds of whippelees, three frogs, katydids and other night sounds in the dreamy quietude of the mountain foothills, that it receives a thunderous round of applause the moment it is disclosed is the scene made by Mr. Lincoln J. Carter for his and Hal Reid's new play "Knobs O'Tennessee" and used in the first and second acts of this new and beautiful success Grand Opera House November 12th.

For artistic floral designs see Mr. F. W. Peckham, agent for Honaker, the florist, Lexington.

TO LOAN.

WE HAVE THOUSANDS OF DOLLARS TO LOAN ON REAL ESTATE SECURITY AT A LOW RATE OF INTEREST.

A. HOFFMAN & SON.

PERSONAL.

Eli Haley, of Louisville, is in the city.

Mr. J. L. Johnson was in Lexington Sunday.

Miss Virginia Chenuant is visiting relatives in Richmond.

J. C. Roberts, of Texas, is visiting the family of S. T. Green.

Mrs. T. M. Parrish is visiting Mrs. Wm. Young at Morehead.

Mr. J. P. Adamson, of Winchester, was in the city last week.

Mr. J. W. Nunnelley spent Sunday in the home in Winchester.

Mr. J. D. Tipton last week made a business trip to Indianapolis.

Robert and Walter Whaley, of Bethel, are visiting T. J. Ratiff.

Mrs. G. W. Hon, of Bowen, is visiting relatives in the city and county.

Clark Bascom, Deputy Sheriff of Bath county, was in the city yesterday.

Miss Martha Anderson, of Cynthiana, will visit Miss Emily Turner this week.

Several of our young men attended the Bowling contest at Paris last Wednesday night.

Cabe Ratiff and wife, of Sharpsburg, are visiting his father J. W. Ratiff, who is sick.

Dr. L. H. Landman, the optician of Cincinnati, Ohio, will be at the Central Hotel Thursday.

James Shakkelford, of Ripley, Ohio, has been visiting the family of his brother, Harry, for several days.

Mrs. N. H. Trimble has returned from Sharpsburg, where she has been visiting her cousin, Mrs. Mary Moffit.

Miss Virginia Chenuant and her friend Miss Hudson, of Georgetown, will this week visit Mrs. W. R. Thompson.

Mr. James Cassidy and wife, of Homer, Ind., accompanied by Judge M. M. Cassidy, are visiting relatives in Fleming county.

Samuel Scott, of Fredonia, Kan., after a visit of two weeks with Sam Greenwave and other relatives, returned home on Thursday.

Miss Stella Donaldson, of Winchester, visited her sister, Mrs. Roll Ratiff, a few days the past week. She was accompanied home by Mrs. Ratiff.

Councilman Frank Dieterich, of Mayville, spent from Friday till Monday in the city on business. Mr. Dieterich is engaged in the nursery business.

On to-day Miss Clara Nelson, of Fort Scott, Kan., will arrive to be the guest of Miss Virginia Grubbs. Her father, Chas. Nelson, was formerly a resident of this city.

Chas. Railif Company D, First Regiment, Kentucky Volunteer Infantry, on Sunday received a 30 day furlough. At the expiration of this time he is to report to his regiment at Ponce, Porto Rico.

Mrs. J. M. Pickrell and daughter, B. B. Bailey officiating, Rev. Hugh Patesy will be married to Miss Ollie Hampton, of Clark county. Rev. Edward Stubblefield will be best man. After the ceremony Mr. Seary and wife will leave for their home in Lewisburg, where he enters upon his pastoral work.

Madame Richard and James Stoll, Miss Emma Hayes, Alex McClintock and Miss Emma McClintock of Lexington, and Mr. John W. McClure and Dr. Graves and wife, of Winchester, attended the funeral service of Mrs. Richard Stofer Tuesday.

Mr. Enoch Thompson, who is clerking for Penit & Son, of McCausley, came home last Saturday to spend a day or two with his family. On his arrival he was agreeably surprised to find a newly born eight-pound girl baby. Jerome Vandiver is her name.

On last Wednesday night, near Kiddville, Mr. John Williams and sister, Miss Lula, entertained in honor of their guest, Miss Lucy Thompson, of Ewington, and a most exquisite evening was spent by all. The visitors were from Mt. Sterling and vicinity.

Remember C. T. Evans's sale on Saturday of this week.

SOCIAL EVENTS.

On last Wednesday night, near Kiddville, Mr. John Williams and sister, Miss Lula, entertained in honor of their guest, Miss Lucy Thompson, of Ewington, and a most exquisite evening was spent by all. The visitors were from Mt. Sterling and vicinity.

Remember C. T. Evans's sale on Saturday of this week.

RELIGIOUS.

Rev. T. S. Hubert is holding a series of meetings at the Methodist church in Rich mond.

Rev. Lancaster, of Carlisle, is assisting Pastor Chandler at his church in Sharpsburg in a protracted meeting.

The Baptist Argus will, within the next few days, move from its present quarters on Jefferson street, Louisville, Ky.

The protracted meeting at the Christian church at Fort continues with unabated interest. Eld. Samuel M. Bernard, minister of the Park church, Louisville, is conducting the meeting.

Rev. H. A. Stewart, the presbyter formerly in charge of the colored Methodist church at Winchester, now has charge of the Grassly Lick and Clark's Chapel circuit with headquarters in this city.

Rev. Edward Stubblefield, who has been called to the pastorate of the Sharpsburg Baptist church, formally accepted last Sunday and has entered upon his work. We feel confident Mr. Stubblefield will be successful in his work. He is a bright young man, a fine preacher, and is thoroughly imbued with the duties of his calling.

And so on through a complete line of clothing, boots, shoes, gents furnishings, hats, caps, etc. The above represents special values for the money—but our strong points are on better classes of goods.

The tremendous increase in our business is significant that our efforts to give a people extra good values for their money, is being appreciated, and this only stimulates us to stronger action along this line. All we ask of YOU is to give us a look, if your judgment does not say buy—we say all is well.

Hoping to see you at an early date, before our stock is badly broken.

We are Respectfully,
THE GUTHRIE CLOTHING CO.
Mt. Sterling, Ky.
N. E. Cor. Main and Mayville Sts.

MARRIAGES.

JEFFRIES-HAGARD.

Sam A. Jeffries, County Attorney of Clark, was married to Miss Ella Haggard, of Dayton, Ky., on October 9th.

COOK-WARE.

Leonard Cook, First Lieutenant Company I, 2nd Kentucky, was married to Miss Katie Ward, on November 1.

SEARCHY-HAMPTON.

To-morrow at 1 o'clock p. m. Rev. B. B. Bailey officiating, Rev. Hugh Seary will be married to Miss Ollie Hampton, of Clark county. Rev. Edward Stubblefield will be best man. After the ceremony Mr. Seary and wife will leave for their home in Lewisburg, where he enters upon his pastoral work.

BLEVINS-PAYNE.

In this city at the residence of Mr. Joe C. Turley on Saturday evening, November 5, 1898, Mr. W. H. Blevins and Miss Martha A. Payne were united in marriage by Bruce W. Trimble. The groom is the son of Chas. E. Blevins and is a farmer in the Peeled Oak neighborhood. The bride is a daughter of Mr. Geo. W. Payne, of Steptown, and a twin sister to Miss Mattie. She is a member of the Corinth Christian Church and is a most excellent and attractive young woman. After the ceremony they went to the home of the groom's brother, George Blevins. In a few days they will make a short visit to friends in Madison county, after which they will go to Oklahoma their future home. Our best wishes for success and happiness attend them.

The explosion Saturday in the Sharpsburg Roller Mills resulted in little damage and a great scare. One colored employee was badly skinned, though not seriously injured.

It is said that if the "voice" of an elephant were as loud in proportion as that of a nightingale his trumpet could be heard around the world.

Mr. F. W. H. Peckham will take your orders for Honaker's prize chrysanthemums and roses.

Deadly Cancer Cured at Last!

Do Not Give Up in Despair—There is Hope!

For ages it has been thought that Cancer is incurable, and so unfortunate as to have its dreadful affliction have considered themselves beyond hope of recovery. The doctors are absolutely unable to afford any relief, and the poor sufferer might well consider himself on the way to an early grave.

It is now easy to see why the doctors have failed to cure Cancer. They have been all wrong, and hence their treatment must be directed.

They have made the mistake of thinking that by cutting out the sore or ulcer, known as Cancer, the disease would be gotten rid of, and the patient returned to health. But the cruel knife accomplishes nothing, for the Cancer promptly returns, and is always more virulent than before.

It has been demonstrated that Cancer is a blood disease and can not be cured by the surgeon's knife because the blood can not be cut.

Several years ago my wife had an ulcer on her tongue, which though annoying, was not regarded seriously at first. It refused to heal and began to grow.

It has been demonstrated that Cancer is a blood disease and can not be cured by the surgeon's knife because the blood can not be cut.

were unable to do her any good, and finally abandoned it. She was greatly alarmed and gave her every remedy recommended, but they did not seem to meet the disease, and it began to spread and grow. Upon the advice of a friend she began to take S. S. S. and after a few bottles had been used, the described effect was noted, and continuing the remedy she was cured completely and the performance of the cure has been as follows:

After ten days had elapsed, though ten days have elapsed, H. L. Minard, of Louisville, has been cured.

The cures made by S. S. S. are permanent. It is the only blood remedy which can cure obstinate ulcers, and it is the only one which acts on the correct principle of forcing out the poison and ridding the system of it forever.

S. S. S. never fails to cure the worst cases of Cancer, Scrofula, Ovarian, Excretory, Cystitis, Bladder, etc., it matters not what other remedies have been used in vain, it is the only blood remedy.

Mr. C. T. Evans, doing business as Pure Vegetable

contains not a particle of potash, mercury, arsenic or other minerals.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to touch Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and the suffered so that it was impossible to dress him for a year. At the age of two years he had a mass of sores, and his eye sight also became dim. He was a very sickly child, and we were spared that we thought he would never live. He grew up until his condition was so bad that we almost despaired of his life. He was advised by a friend to give him S. S. S. and the result was a decided improvement was the result, and after his recovery he was able to go to school. The name of his former doctor's condition would have remained a secret, but the doctor, who had been so kind to him, has now told us that he has had S. S. S. for over 20 years.

Real blood troubles is a waste of time and money. The name of the doctor who has given S. S. S. to my son, is Dr. J. W. Tutt, 200 East St., Marion, Ohio.

Read real blood troubles is a waste of time and money. The name of the doctor who has given S. S. S. to my son, is Dr. J. W. Tutt, 200 East St., Marion, Ohio.

Books mailed free to any address by Swift Specie Co., Atlanta, Ga.

It goes without saying that sections of our country are where the disease is a great deal.

Remember C. T. Evans's sale on Saturday of this week.

It is better to be where the Bible calls you to be, where the world calls you.

It is better to be where the Bible calls you to be, where the world calls you.

This book, which is a quick and easy way to clean lungs, is to be had at any drug store.

Miss Fannie Hartley, aged 17, from you, your kindred, her home with Mr. and Mrs. R. H. Hartley, of Park, Ky., was presented a little match which will be mailed back at an early date.

Why Did It.

"You did not say a word to me about it."

"Because I did not know and hardly had time to think."

You Should Know

What You're Sobering Up to do for those who have no money and are powerless to help. I make the best and easiest money-making outlays, set up a business, make a fortune, then retire, and when you're dead, bequeath it to your heirs.

Miss Fannie Hartley, aged 17, from you, your kindred, her home with Mr. and Mrs. R. H. Hartley, of Park, Ky., was presented a little match which will be mailed back at an early date.

It is better to be where the world calls you to be, where the world calls you.

SPARKS.

Without doubt there is no comparison with the way you do it.

The cost of care you would maintain two children.

Don't make out of your load for Christ, and then Christ will make it light for you.

Patience is tried more by small crosses than by great losses.

The noblest calling you is the one God has called you to.

Christmas Dolls.

Mrs. J. D. Tipton will have on sale for the holidays at her residence on Sycamore street, a lovely selection of beautifully dressed dolls, in all sizes, styles and prices. Dolls to suit every fancy; also a new importation of fine linen, drawn work, embroidered pieces, and silk handkerchiefs, direct from Japan. Curios from Korea and Japan. These goods are sold by Mrs. Tipton in the interest of mission work. Aid a good cause, and enjoy seeing all the odd, pretty things from foreign lands. Mrs. Tipton will be delighted to see all her old friends, and many new ones. Remember she will have Christmas Dolls in endless variety.

YOUR LOCAL PAPER.

HAVE YOU ANY IDEA OF WHAT IT HAS DONE FOR YOU?

And, to What You Might Do in Return, Have You Ever Given That a Passing Thought?—An Editor's Interesting Review of the Subject.

The paper has done 50 things for you and is only anxious to do 50 more.

I told your friends when you were born.

I announced to the world when you were born.

I recorded the great events of your childhood, when you were lost as a wandering baby, when you had the measles and scarlet fever, when you fell into the wash tub and nearly drowned, when you fell from the cherry tree, when you got lost in the woods, when you started to school and when you earned your first prize.

Later on I told how you had completed the studies of the district school and how you recited your grandmothers' stories.

I told of your entering high school or academy. I told of your contests in baseball and tennis. I told of your departure for college or your first venture to the city.

I told of your various visits to the old home neighborhood, and it always wished you well in your greatest undertakings.

I told modestly about the first time you went a courting and gave often warning to "hot folks" that the neighbors knew that mothers were growing interesting over their way.

I announced the time of your expected wedding and it published the notice of the marriage license, and gave you a nice pale concerning the wedding ceremony.

I told of your extended honeymoon tour of your tilings down to housekeeping.

I told you to take the home paper to each member of your immediate neighbors, of your lapses and improvements.

I told about your lost cow and led to her recovery. I told how your horse was found and led to the arrest of the thief.

When you were getting dull and tired through the coming of your later, the paper tried to get the people up to a elevation, and you were named as a member of the "Sunny" organization. And when it was all over, you were a young prize for the success of the undertaking.

In numerous ways the paper has tried to put you up before the people, to get you into the limelight, to give you your legitimate office or your honorable recognition from this community but for the good of the local printer.

If you are a member of a Sunday school or a church of any sort, that same paper prints your announcements and the various proceedings of your meetings.

It tells the people much which you like to have known, but which the people of course are not present to know.

If you and all your folks have been prospereous and fortunate in your affairs, the paper has told you all the way. If you have had misfortunes, the paper has told everyone of your misfortunes.

If there is a loss, it is led when you reported it, when you wept, if you are a good and enterprising citizen, the paper will always be your friend and will back you in your enterprises, with help to you and your business interests.

It tells you to buy and where to sell. It tells of repairs to be avoided. It tells of current prices and prevents you from being cheated and victimized.

Finally, when you die, the paper will publish your obituary and will ever honor your family and will relate the story of your good deeds.

All these things the local editor will care for you, but you can do nothing in this world will do them or can do them for you even for love or money.

The outside paper is a stranger to your little world and is not at all interested in its improvement. Yet if your local paper fails to do its duty, it is not necessary to accept so many unfavorable reports and the like.

If there is a loss, it is led when you wept, if you are a good and enterprising citizen, the paper will always be your friend and will back you in your enterprises, with help to you and your business interests.

It tells the people much which you like to have known, but which the people of course are not present to know.

Invite him to your picnics and family dinners, so that he can eat a square meal occasionally.

Don't call the ticket you give him to the church concert, a "dud." He isn't any "tire" from everybody to everything, but he will say kind words of your performances and thus lead others to buy your tickets.

If you have anything to buy or sell, let the paper assist you to find customers. And that really pays the printer better both advertisers and readers.

If you have any job printing to do, don't let the paper assist you to find customers.

Give the editor a picture occasionally or write him sensible short articles and don't get mad if he fails to see everything you write. When he does say a good word for you, he will be pleased.

In short, remember the golden rule and don't forget the editor of your local paper.—Richmond (Ind.) Enterprise.

We never enjoy perfect happiness; our most fortunate successes are mingled with sadness; some anxieties always perplex the reality of our satisfaction.—Cornelie.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen, it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge often expressed, that Dr. Kline's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism pain in the back, kidneys, bladder and every part of the urinary passage. It cures balding, loss of hair, water and scalding pain in passing it, its bale effects following use of liquor, wine or beer, and overcomes that unpleasantness of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root, is soon realized.

It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine that gives you relief, Dr. Kline's Swamp-Root may have the best.

You may have a simple bottle and a book that tells more about it, but sent absolutely free by mail, if you send your address to Dr. Kline & Co., Binghamton, N. Y.

When writing be sure and mention that you are a subscriber to the Mt. Sterling Advocate.

We send no ornaments in our house that are not pleasant. We have no business to number Gods earth ourselves if we are not happy—on earth to live in the same world with others who are not.

It is better to be where the world calls you to be, where the world calls you.

It is better to be where the world calls you to be, where the world calls you.

INSECT HEAVY DRINKERS.

Butterflies Sit For Hours Smoking More Moisture Than Needed.

By means of a series of observations Mr. J. W. Tutt is able to ascertain what has been stated by other observers that certain butterflies and moths are very much addicted to drink. In a paper published in the "Proceedings of the British Entomological and Natural History Society" Mr. Tutt says there can be no doubt that butterflies drink more than is required by those insects under any possible conditions, and that they do this to satiate an insatiable desire for moisture.
